For DFG Use	<p>Additional Information: _____</p> <p>_____</p>

Applicant – DFG certified teacher or person responsible for the rearing of the fish or lead person if several people are participating.

Sponsor Organization – Provider of assistance to the applicant (e.g. fly fishing club, non-profit organization)

Application – This 772 form is an application when first obtained by participant, a request for eggs.

Permit – Once this 772 application is approved by DFG it becomes a permit for possessing eggs and fish.

The following are the conditions of the permit:

1. Only the applicant on this form is authorized to acquire and incubate the eggs or fish.
2. No eggs or fish acquired may be possessed, transferred, released or otherwise disposed of except as authorized by this form. Fish shall be released only at the location(s) authorized on the front of this form.
3. This permit shall remain with the egg or fish at all times. The permit must be posted in a visible location on or next to the incubation unit and accompany the eggs and fish during transport.
4. Non-chlorinated drinking water or de-chlorinated tap water should be used in aquarium. Do not use distilled water.
5. All eggs and fish shall remain the property of the State and decisions on final disposition remain solely with DFG.
6. Do NOT release deformed or diseased fish, please contact DFG coordinator for instructions.
7. The summary section of this permit shall be filled out and the permit returned upon release of fish or after the last fish dies.
8. Volunteer hours shall also be sent in with permit, volunteer reporting sheets are available at website listed below.

The following require DFG approval:

1. Using chemicals, drugs or medication on the fish or eggs.
2. Using stream or lake water in aquarium.
3. Changing the release location or any changes after application is approved.
4. Holding fish beyond the approved release date.
